

Water Industry Workshop and Procurement Seminar with the World Bank

Don't miss this opportunity to engage face-to-face with World Bank officials.

This is the ONLY event of its kind that will be offered in the United States. Don't delay - register today!

The U.S. Commercial Service, in collaboration with The Water Council and the Wisconsin Economic Development Corporation (WEDC), has organized this unique opportunity to meet with World Bank officials.

In addition to learning about **water-related procurement opportunities** through World Bank-financed projects and recent World Bank procurement reforms, water industry sub-sector roundtables will be offered with World Bank officials.

Roundtable participants will help identify recurring procurement problems in Bank-financed projects in the water sector and suggest solutions to achieve improved procurement and development outcomes.

One-on-one meeting opportunities will be available in the afternoon with World Bank officials, The Water Council, Wisconsin Economic Development Corporation, and U.S. Commercial Service representatives (including our colleagues on detail to the World Bank and the Inter-American Development Bank).

[Register Now](https://wbwater.eventbrite.com)

Participation will be limited to the first 100 registrants.

Watch the Livestream

If you cannot attend, you are welcome to join the **livestream of the Opening Session and Procurement Seminar from 8:30-10:15 am**. Please complete the registration for the Livestream attendance. The event website and login information will be sent directly to registrants in advance of the event.
